5.5 overall with no less than 5.0 in any skill	3 terms	£25,950	September 2022	August 2023	1 term of Extended English and Skills modules
> Your Pre-Master options for degree entry in September 2024					
5.5 overall with no less than 5.5 in any skill	2.5 terms	£25,950	July 2023	May 2024	0.5 terms of Extended English and Skills modules
			June 2023	May 2024	
5.5 overall with no less than 5.0 in any skill	3 terms	£25,950	June 2023	May 2024	1 term of Extended English and Skills modules
5.0 overall with no less than 5.0 in any skill	3.5 terms	£30,275	April 2023	May 2024	1.5 terms of Extended English and Skills modules
			July 2023	August 2024	
5.0 overall with no less than 4.5 in any skill	4 terms	£33,280	February 2023	May 2024	2 terms of Extended English and Skills modules
			June 2023	August 2024	

* UKVI IELTS alternatives: we can accept other tests as proof of English language. Learn more at: kaplanpathways.com/uk/ielts/

Academic entry requirements: for all course options above, you need to have completed at least 3 years of higher education in a suitable subject. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: kaplanpathways.com/glasgow/pg-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals.

Pre-Master's

for Arts and Humanities

2/2

Common modules taken by all students:

- > English for Academic Purposes
- > Research Project

You will also take 2 of the following modules to prepare for postgraduate study[†]:

- > Accounting and Finance
- > Advanced Social Science
- > Advanced Statistics
- > Critical Thinking for Academic Writing
- > Organisational Management
- > Philosophy, History and Culture
- > Scottish, European and International Law

Personal development activities: during your course, you'll also have activities to build practical, digital and employability skills.

Learn more about modules: you'll find module summaries later in this booklet.

Do you want to add an internship to your course?

You can take an integrated online internship as your final term, and gain additional career skills and experience before you start your degree.

Learn more: see the next page for more details.

Extra support: for courses of over 2 terms, you will also take Extended English and Skills modules before the modules to the left.

Students with UKVI IELTS 5.5 will typically take these additional modules as part of a 2.5 or 3-term course:

- > English for Academic Study 3
- > Independent and Collaborative Study
- > Reading and Writing 3
- > Speaking and Listening 3

Students with UKVI IELTS 5.0 will typically take these additional modules as part of a 3.5 or 4-term course:

- > English for Academic Study 2 + English for Academic Study 3
- > Independent and Collaborative Study
- > Reading and Writing 2 + Reading and Writing 3
- > Speaking and Listening 2 + Speaking and Listening 3
- > Study Skills Preparation

[†] For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

Academic entry requirements: for all course options above, you need to have completed at least 3 years of higher education in a suitable subject. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: kaplanpathways.com/glasgow/pg-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals.

Pre-Master's

for Medical, Veterinary and Life Sciences

2/2

Common modules taken by all students:

- > English for Academic Purposes
- > Research Project

You will also take 2 of the following modules to prepare for postgraduate study†:

- > Advanced Statistics
- > Engineering, Science and Society
- > Practical Training for Science and Engineering Research
- > Project Management

Personal development activities: during your course, you'll also have activities to build practical, digital and employability skills.

Learn more about modules: you'll find module summaries later in this booklet.

Do you want to add an internship to your course?

You can take an integrated online internship as your final term, and gain additional career skills and experience before you start your degree.

Learn more: see the next page for more details.

Extra support: for courses of over 2 terms, you will also take Extended English and Skills modules before the modules to the left.

Students with UKVI IELTS 5.0 will take these additional modules as part of a 2.5 or 3-term course:

- > English for Academic Study 3
- > Independent and Collaborative Study
- > Reading and Writing 3
- > Speaking and Listening 3

Students with UKVI IELTS 4.5 will take these additional modules as part of a 3.5 or 4-term course:

- > English for Academic Study 2 + English for Academic Study 3
- > Independent and Collaborative Study
- > Reading and Writing 2 + Reading and Writing 3
- > Speaking and Listening 2 + Speaking and Listening 3
- > Study Skills Preparation

† For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

Accounting and Finance

Evaluate various financial and accounting concepts, models and techniques, and apply them to a firm's strategic decision making.

Advanced Social Science

Learn about the key theories in social sciences, and their relation to methodologies in the field.

Advanced Statistics

Critique research data and apply standard statistical tools for the analysis of research quality.

Critical Thinking for Academic Writing

To develop critical thinking skills on selected relevant academic research, and to present this critique orally and in writing.

Engineering, Science and Society

Gain an awareness of ethical issues and debates surrounding research and innovation in the sciences.

English for Academic Purposes

Develop your English to the level you need for university study, and to really get involved in academic discussions.

English for Academic Study 2

Improve your English grammar and vocabulary in order to communicate in an academic environment.

English for Academic Study 3

Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Independent and Collaborative Study

Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

Organisational Management

Evaluate the key issues, theories and techniques relating to organisational behaviour, environmental analysis and global strategy.

Philosophy, History and Culture

Explore Western philosophy and its history, and analyse events and developments in your degree area in a historical and cultural context.

Practical Training for Science and Engineering Research

Research required skills, complete a skills audit, and critically reflect on your participation in relevant training activities for progression in your area of study.

Project Management

Gain key skills in project management, and apply your knowledge to a project.

Research Project

Plan, execute and report a comprehensive research project. You can choose a research topic based on your degree and career goals, and personal interests.

Reading and Writing 2

Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Reading and Writing 3

Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Scottish, European and International Law

Apply legal principles in the areas of UK and Scottish constitutional law, European Union Law and Public International Law.

Speaking and Listening 2

Practise listening and speaking so that you are better prepared for academic debate and discussion.

Speaking and Listening 3

Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

Study Skills Preparation

Gain an introduction to the wide range of skills and strategies you'll need to succeed at university, such as research methods and using and citing sources.

Online internships

Following academic study, you'll take a one-term online work placement if you study a pathway course with internship.

The internship is offered in partnership with Virtual Internships, a leading education company in the field. This gives you the chance to gain valuable work experience at one of 3,500+ companies around the world.

You will be assigned one of 18 career fields on your internship, based on your chosen progression degree. This will help you develop important skills, practise your English and give you some great experience to add to your CV.

Find out more on our website:
[› kaplanpathways.com/internship](https://www.kaplanpathways.com/internship)

Personal development activities (all courses) Culture and activities

We'll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Employability and digital skills

Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You'll receive help in making the most of your creativity, improving your communication and developing your digital skills. We'll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social networking

Forming a strong social network can be very beneficial, even if it's just to discuss and debate ideas. Not only will you get to know your classmates, you'll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start your career.
