

# University of Nottingham International College

## Course information: 2022-23

This booklet contains information about the pathway courses that lead to a University of Nottingham degree. Choose your preferred degree, and discover which course you need to take to gain entry. You can also see further information about the courses, including tuition fees, start dates, entry requirements, internship options and module summaries.

### Undergraduate pathways

Choose your undergraduate degree 03

#### Foundation Certificate:

Business, Law and Social Sciences 06

Business, Law and Social Sciences with Internship 08

Science and Engineering 10

Science and Engineering with Internship 12

Module summaries 14

### Postgraduate pathways

Choose your postgraduate degree 17

#### Pre-Masters:

Business and Management 18

Business and Management with Internship 20

Law and Social Sciences 22

Law and Social Sciences with Internship 24

Science and Engineering 26

Science and Engineering with Internship 28

Module summaries 30

#### Pre-Doctorate:

Pre-Doctorate course information 32

#### Key:

**B:** Business, Law and Social Sciences Foundation Certificate

**S:** Science and Engineering Foundation Certificate

**Internships:** all pathway courses can include an integrated virtual internship.

#### Building and Architecture

|                           |   |
|---------------------------|---|
| BArch (Hons) Architecture | S |
|---------------------------|---|

#### Business and Finance

|                                               |   |
|-----------------------------------------------|---|
| BSc (Hons) Finance, Accounting and Management | B |
| BSc (Hons) International Management           | B |
| BSc (Hons) Management                         | B |

#### Computing

|                                                                        |   |
|------------------------------------------------------------------------|---|
| BSc (Hons) Computer Science <sup>1</sup>                               | S |
| MSci (Hons) Computer Science <sup>2</sup>                              | S |
| BSc (Hons) Computer Science and Artificial Intelligence <sup>2</sup>   | S |
| BSc (Hons) Computer Science with Artificial Intelligence               | S |
| MSci (Hons) Computer Science with Artificial Intelligence <sup>2</sup> | S |

#### Engineering

|                                                                                |   |
|--------------------------------------------------------------------------------|---|
| BEng (Hons) Aerospace Engineering <sup>1</sup>                                 | S |
| MEng (Hons) Aerospace Engineering <sup>1,2</sup>                               | S |
| BEng (Hons) Architectural Environment Engineering <sup>1</sup>                 | S |
| MEng (Hons) Architectural Environment Engineering <sup>1,2</sup>               | S |
| BEng (Hons) Chemical Engineering <sup>1</sup>                                  | S |
| MEng (Hons) Chemical Engineering <sup>1,2</sup>                                | S |
| BEng (Hons) Chemical Engineering with Environmental Engineering <sup>1</sup>   | S |
| MEng (Hons) Chemical Engineering with Environmental Engineering <sup>1,2</sup> | S |
| BEng (Hons) Civil Engineering <sup>1</sup>                                     | S |
| MEng (Hons) Civil Engineering <sup>1,2</sup>                                   | S |
| BEng (Hons) Electrical and Electronic Engineering                              | S |
| MEng (Hons) Electrical and Electronic Engineering <sup>1,2</sup>               | S |
| BEng (Hons) Electrical Engineering <sup>1</sup>                                | S |
| MEng (Hons) Electrical Engineering <sup>1,2</sup>                              | S |
| BEng (Hons) Electronic and Computer Engineering <sup>1</sup>                   | S |
| MEng (Hons) Electronic and Computer Engineering <sup>1,2</sup>                 | S |
| BEng (Hons) Electronic Engineering <sup>1</sup>                                | S |
| BEng (Hons) Electronic Engineering <sup>1</sup>                                | S |
| MEng (Hons) Electronic Engineering <sup>1,2</sup>                              | S |
| BEng (Hons) Environmental Engineering <sup>1</sup>                             | S |
| MEng (Hons) Environmental Engineering <sup>1,2</sup>                           | S |
| BEng (Hons) Manufacturing Engineering <sup>1</sup>                             | S |
| MEng (Hons) Manufacturing Engineering <sup>1,2</sup>                           | S |
| BEng (Hons) Mechanical Engineering <sup>1</sup>                                | S |
| MEng (Hons) Mechanical Engineering <sup>1,2</sup>                              | S |
| BEng (Hons) Product Design and Manufacture <sup>1</sup>                        | S |
| MEng (Hons) Product Design and Manufacture <sup>1,2</sup>                      | S |

#### Environment and Agriculture

|                                               |   |
|-----------------------------------------------|---|
| BSc (Hons) Agricultural and Crop Science      | S |
| BSc (Hons) Agricultural and Livestock Science | S |

|                                                                |     |
|----------------------------------------------------------------|-----|
| BSc (Hons) Agricultural Business Management (Integrated)       | S   |
| BSc (Hons) Agriculture                                         | S   |
| MEng (Hons) Architecture and Environmental Design <sup>2</sup> | S   |
| BSc (Hons) Environmental Biology                               | S   |
| BSc (Hons) Environmental Science                               | S   |
| MSci (Hons) Environmental Science <sup>2</sup>                 | S   |
| BA (Hons) Geography                                            | B   |
| BSc (Hons) Geography                                           | B S |
| BA (Hons) Geography with Business                              | B   |

#### Law

|                |   |
|----------------|---|
| BA (Hons) Law  | B |
| LLB (Hons) Law | B |

#### Marketing and Media

|                                                            |   |
|------------------------------------------------------------|---|
| BA (Hons) Film and Television Studies                      | B |
| BA (Hons) Film and Television Studies and American Studies | B |
| BA (Hons) International Media and Communications Studies   | B |

#### Mathematics

|                                                           |   |
|-----------------------------------------------------------|---|
| BSc (Hons) Financial Mathematics                          | S |
| BSc (Hons) Mathematical Physics                           | S |
| BSc (Hons) Mathematics <sup>1</sup>                       | S |
| MMath (Hons) Mathematics <sup>1,2</sup>                   | S |
| BSc (Hons) Mathematics (International Study) <sup>2</sup> | S |
| BSc (Hons) Mathematics and Economics                      | S |
| BSc (Hons) Statistics                                     | S |

#### Music and Performing Arts

|                 |   |
|-----------------|---|
| BA (Hons) Music | B |
|-----------------|---|

\* UKVI IELTS alternatives: we can accept other tests as proof of English language. Learn more at: [kaplanpathways.com/uk/ielts/](https://kaplanpathways.com/uk/ielts/)

**Academic entry requirements:** for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: [kaplanpathways.com/nottingham/ug-degrees](https://kaplanpathways.com/nottingham/ug-degrees)

**Your course length:** this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals.

**Common modules taken by all students:**

- › English for Academic Purposes
- › Extended Project

**You will also take 2 or 3 of the following modules that fit your degree and career goals†:**

- › Contemporary Global Issues
- › Entrepreneurship
- › Historical Perspectives
- › Logic and Critical Thinking
- › Mathematics
- › People, Culture and Society
- › Statistics

**Personal development activities:** during your course, you'll also have activities to build practical, digital and employability skills.

**Learn more about modules:** you'll find module summaries later in this booklet.

**Do you want to add an internship to your course?**

You can take an integrated online internship as your final term, and gain additional career skills and experience before you start your degree.

**Learn more:** see the next page for more details.

**Extra support:** for courses of over 2 terms, you will take additional modules from a selection of Enhancement and Extended English and Skills options (depending mainly on your IELTS score) before the modules to the left.

**Students with at least UKVI IELTS 5.5: you can study a 2.5 or 3-term course that typically includes Enhancement modules to maximise your university preparation:**

- › Critical Reading, Writing and Reasoning for Higher Education
- › Independent and Collaborative Study

**Plus 2 of these modules:**

- › Digital Applications
- › Preparatory Mathematics
- › Preparatory Statistics
- › UK Society and Culture

**Students with less than UKVI IELTS 5.5: you will typically study Extended English and Skills modules to improve your English language level and academic skills.**

**Students with UKVI IELTS 4.5 or 5.0 will typically take:**

- › English for Academic Study 3
- › Independent and Collaborative Study
- › Reading and Writing 3
- › Speaking and Listening 3

**Students with UKVI IELTS 4.0 will typically take:**

- › English for Academic Study 2 + English for Academic Study 3
- › Independent and Collaborative Study
- › Reading and Writing 2 + Reading and Writing 3
- › Speaking and Listening 2 + Speaking and Listening 3
- › Study Skills Preparation

† For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

\* UKVI IELTS alternatives: we can accept other tests as proof of English language. Learn more at: [kaplanpathways.com/uk/ielts/](https://kaplanpathways.com/uk/ielts/)

**Academic entry requirements:** for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: [kaplanpathways.com/nottingham/ug-degrees](https://kaplanpathways.com/nottingham/ug-degrees)

**Your course length:** this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals.

**Common modules taken by all students:**

- > English for Academic Purposes
- > Extended Project

**You will also take 2 or 3 of the following modules that fit your degree and career goals<sup>†</sup>:**

- > Contemporary Global Issues
- > Entrepreneurship
- > Historical Perspectives
- > Logic and Critical Thinking
- > Mathematics
- > People, Culture and Society
- > Statistics

**Integrated online internship:** after the modules above, you'll take this internship as the final term of your course. It's a great way to apply and further develop your English in a professional setting, and build real-world experience related to your degree subject.

**Personal development activities:** during your course, you'll also have activities to build practical, digital and employability skills.

**Learn more about modules:** you'll find summaries of course modules, personal development activities and the internship later in this booklet.

**Extra support:** for courses of over 3 terms, you will also take Extended English and Skills modules before the modules to the left.

**Students with UKVI IELTS 4.5 or 5.0 will typically take:**

- > English for Academic Study 3
- > Independent and Collaborative Study
- > Reading and Writing 3
- > Speaking and Listening 3

**Students with UKVI IELTS 4.0 will typically take:**

- > English for Academic Study 2 + English for Academic Study 3
- > Independent and Collaborative Study
- > Reading and Writing 2 + Reading and Writing 3
- > Speaking and Listening 2 + Speaking and Listening 3
- > Study Skills Preparation

<sup>†</sup> For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

\* UKVI IELTS alternatives: we can accept other tests as proof of English language. Learn more at: [kaplanpathways.com/uk/ielts/](https://kaplanpathways.com/uk/ielts/)

**Health Sciences students:** for students progressing to a Health Sciences degree, your minimum IELTS score will need to be 0.5 higher overall, with at least 1.0 higher in all skills, than those shown in the table for 2, 2.5 and 3-term courses. For 3.5 and 4-term courses, your IELTS will need to be 0.5 higher overall and in all skills.

**Academic entry requirements:** for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: [kaplanpathways.com/nottingham/ug-degrees](https://kaplanpathways.com/nottingham/ug-degrees)

**Your course length:** this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals.

#### Common modules taken by all students:

- > English for Academic Purposes
- > Extended Project

#### You will also take 2 or 3 of the following modules that fit your degree and career goals<sup>†</sup>:

- > Biology
- > Chemistry
- > Information Technology
- > Intermediate Mathematics
- > Mathematics
- > Physics
- > Statistics

**Personal development activities:** during your course, you'll also have activities to build practical, digital and employability skills.

**Learn more about modules:** you'll find module summaries later in this booklet.

#### Do you want to add an internship to your course?

You can take an integrated online internship as your final term, and gain additional career skills and experience before you start your degree.

**Learn more:** see the next page for more details.

**Extra support:** for courses of over 2 terms, you will take additional modules from a selection of Enhancement and Extended English and Skills options (depending mainly on your IELTS score) before the modules to the left.

#### Students with at least UKVI IELTS 5.5: you can study a 2.5 or 3-term course that typically includes Enhancement modules to maximise your university preparation:

- > Critical Reading, Writing and Reasoning for Higher Education
- > Independent and Collaborative Study

#### Plus 2 of these modules:

- > Digital Applications
- > Preparatory Mathematics
- > Preparatory Science
- > Preparatory Statistics
- > UK Society and Culture

**Students with less than UKVI IELTS 5.5:** you will typically study Extended English and Skills modules to improve your English language level and academic skills.

#### Students with UKVI IELTS 4.5 or 5.0 will typically take:

- > English for Academic Study 3
- > Independent and Collaborative Study
- > Reading and Writing 3
- > Speaking and Listening 3

#### Students with UKVI IELTS 4.0 will typically take:

- > English for Academic Study 2 + English for Academic Study 3
- > Independent and Collaborative Study
- > Reading and Writing 2 + Reading and Writing 3
- > Speaking and Listening 2 + Speaking and Listening 3
- > Study Skills Preparation

<sup>†</sup> For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

**Biology**

Gain an understanding of biological systems and organisms, as well as key laboratory processes.

**Chemistry**

Gain an understanding of chemical reactions, fundamental particles and the periodic table.

**Contemporary Global Issues**

Explore the big issues facing humanity in the 21st century, and critically evaluate their causes and effects.

**Critical Reading, Writing and Reasoning for Higher Education**

Enhance your ability to read and understand complex ideas in English, and to compose convincing written arguments.

**Digital Applications**

Develop your digital skill set, helping you use digital tools to support academic study, including using and citing digital sources.

**English for Academic Purposes**

Develop your English to the level you need for university study, and to really get involved in academic discussions.

**English for Academic Study 2**

Improve your English grammar and vocabulary in order to communicate in an academic environment.

**English for Academic Study 3**

Expand your knowledge of English grammar and vocabulary to the level required for degree study.

**Entrepreneurship**

Familiarise yourself with concepts of creativity, entrepreneurship and innovation, and how to apply them in business.

**Extended Project**

Learn how to plan, carry out and report an extended project. Choose a topic that matches your degree and career goals, and personal interests.

**Historical Perspectives**

Gain an understanding of the historical context of your chosen degree area, and skills such as researching, evaluating and interpreting sources.

**Independent and Collaborative Study**

Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

**Information Technology**

Discover the key concepts of computer science, including data representation and programming languages.

**Intermediate Mathematics**

Expand your knowledge of various mathematical concepts including algebra, geometry, problem-solving, trigonometry and vectors.

**Logic and Critical Thinking**

Explore the concepts, history and skills relating to logic and critical thinking, and how they apply in real-world contexts.

**Mathematics**

Develop your mathematical skill set in areas such as algebra, decision maths, probabilities and statistics.

**People, Culture and Society**

Learn about the history, theories and issues that relate to human culture and society around the world.

**Physics**

Gain an understanding of astrophysics, electromagnetism, mechanics and thermodynamics.

**Preparatory Mathematics**

Develop your numeracy skills, such as algebra, geometry and graphs.

**Preparatory Science**

Gain an introduction to core scientific knowledge, and subject-specific language required to study the sciences.

**Preparatory Statistics**

Build on your knowledge of using statistics, including the use of data to illustrate facts and support theories.

**Reading and Writing 2**

Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

**Reading and Writing 3**

Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

**Speaking and Listening 2**

Practise listening and speaking so that you are better prepared for academic debate and discussion.

**Speaking and Listening 3**

Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

**Statistics**

Learn basic algebra, as well as the skills needed to analyse and apply statistics in a range of ways.

**Study Skills Preparation**

Gain an introduction to the wide range of skills and strategies you'll need to succeed at university, such as research methods and using and citing sources.

**UK Society and Culture**

Learn more about the culture and society of the UK, and how it differs from others.

**Online internships**

Following academic study, you'll take a one-term online work placement if you study a pathway course with internship.

The internship is offered in partnership with Virtual Internships, a leading education company in the field. This gives you the chance to gain valuable work experience at one of 3,500+ companies around the world.

You will be assigned one of 18 career fields on your internship, based on your chosen progression degree. This will help you develop important skills, practise your English and give you some great experience to add to your CV.

Find out more on our website:  
[› kaplanpathways.com/internship](https://kaplanpathways.com/internship)

**Personal development activities (all courses)  
Culture and activities**

We'll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

**Digital and employability skills**

Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You'll receive help in making the most of your creativity, improving your communication and developing your digital skills. We'll also help you build a CV, portfolio and online profile to empower you after you graduate.

**Social network**

Forming a strong social network can be very beneficial, even if it's just to discuss and debate ideas. Not only will you get to know your classmates, you'll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start your career.
